NOTES:
 IDEM 2008 and Roberts 2011 Vertical Aquifer Screening (VAS) and soil samples shown.
 Roberts 2011/2012 permanent monitoring wells also shown.
 IDEM private well samples are not depicted.
 Only samples located within map area shown.

Roberts Soil & Ground Water Sampling Included:
 61 ground water samples collected in March 2011.
 115 ground water samples collected in Oct./Nov. 2011, which include 42 permanent monitoring wells.
 298 soil & 6 ground water samples collected in July 2012.
 10 ground water samples collected via 10 additional permanent monitoring wells in Sept. 2012.

TCF - Trichloroethylene
 Approximate TCF in ground water boundaries based on all detections greater than 5.0 ug/l using IDEM & Roberts ground water sample locations.
